

# The Starting Line

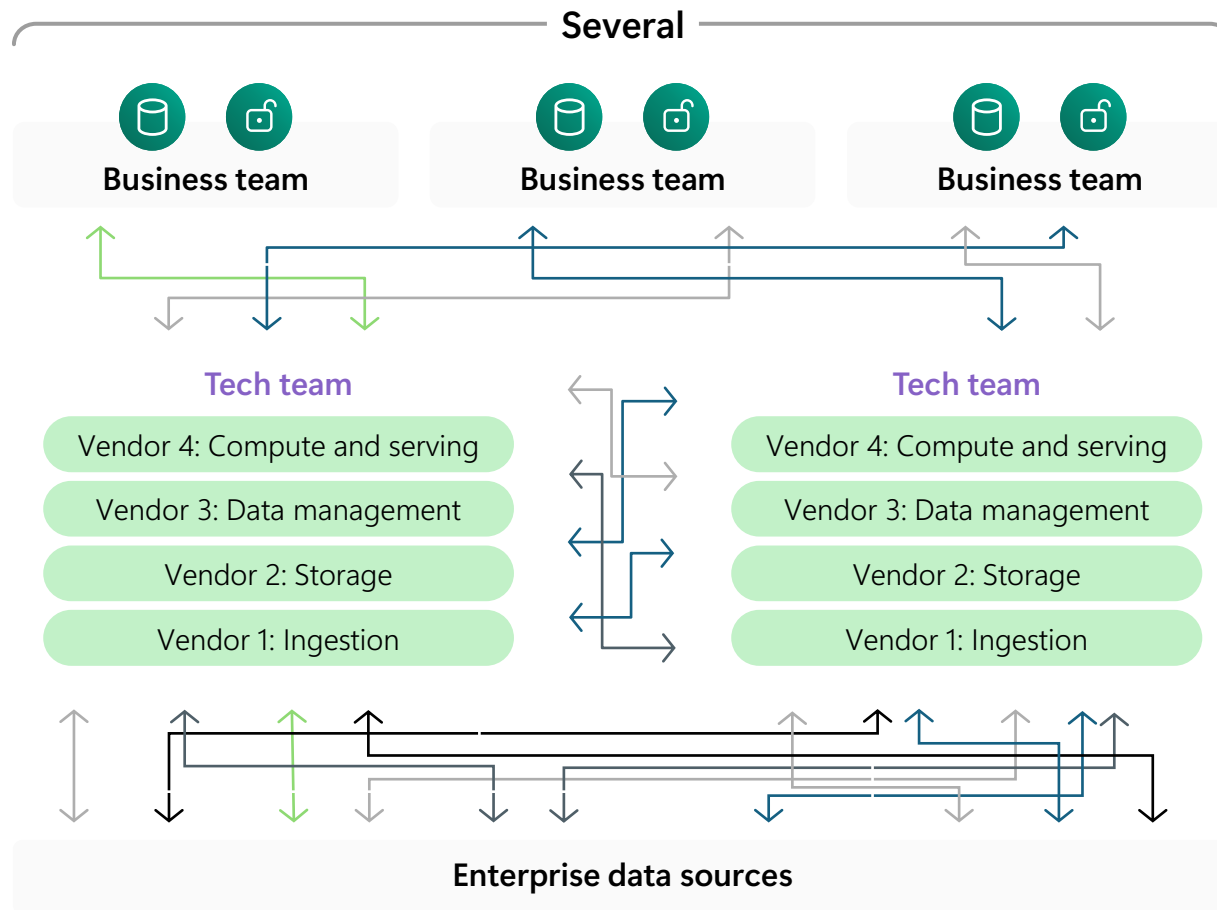

**Andrea Benedetti**  
*Sr Cloud Architect, Microsoft*

 /in/abenedetti  @anBenedetti  <https://github.com/anbened>

#FabricGarage | 000 | 2024.05.09

# The starting line

- 1 Data copies and infrastructure inefficiencies
- 2 Limited interoperability between vendor services
- 3 Data exposure risks

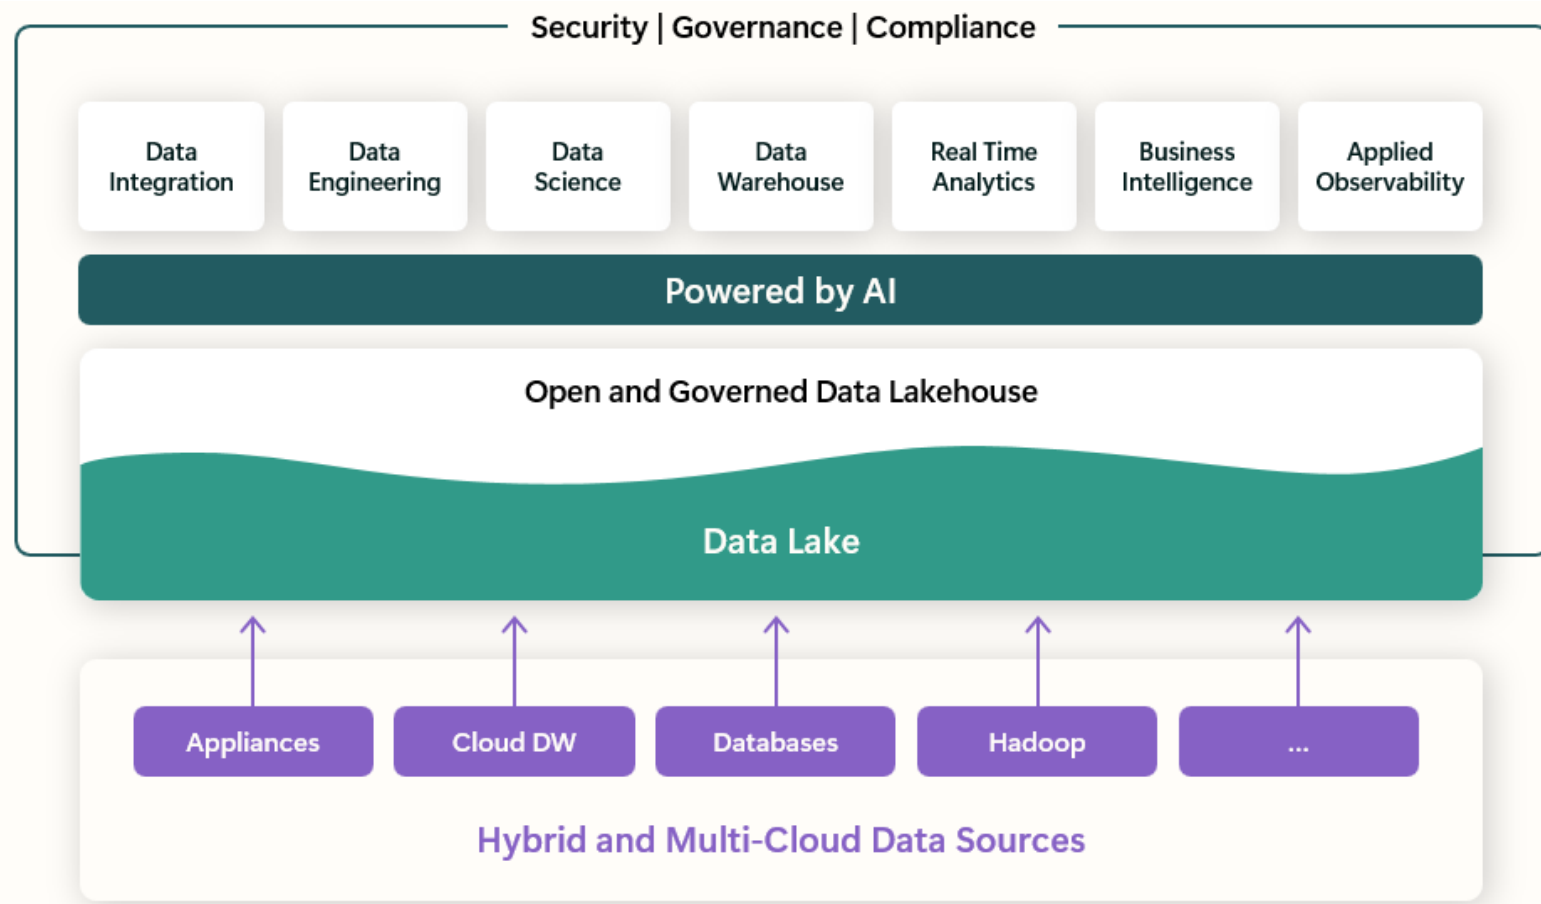

// **Simplify,**  
I am the Chief Data Officer  
and don't want to be the  
Chief Integration Officer."

Every CDO, Every Enterprise

# The finish line

Business decisions powered by modern, cloud scale analytics

## SaaS-based, all-in-one analytics platform

Drive collaboration and democratization for all data professionals

## Lake-first data foundation

Align your team within a unified source of truth, enhanced by data platform and AI integration

## Data governance and security

Integrate all your services with an open, secure, and governed foundation

# The data platform for the era of AI

## Lake centric and open

OneLake

---

One Copy

---

Open at every tier

## Complete analytics platform

Everything, unified

---

SaaS-ified

---

Secure and governed

## Empower every business user

Familiar and intuitive

---

Built into Microsoft 365

---

Insight to action

## AI-powered experiences

Copilot accelerated

---

ChatGPT on your data

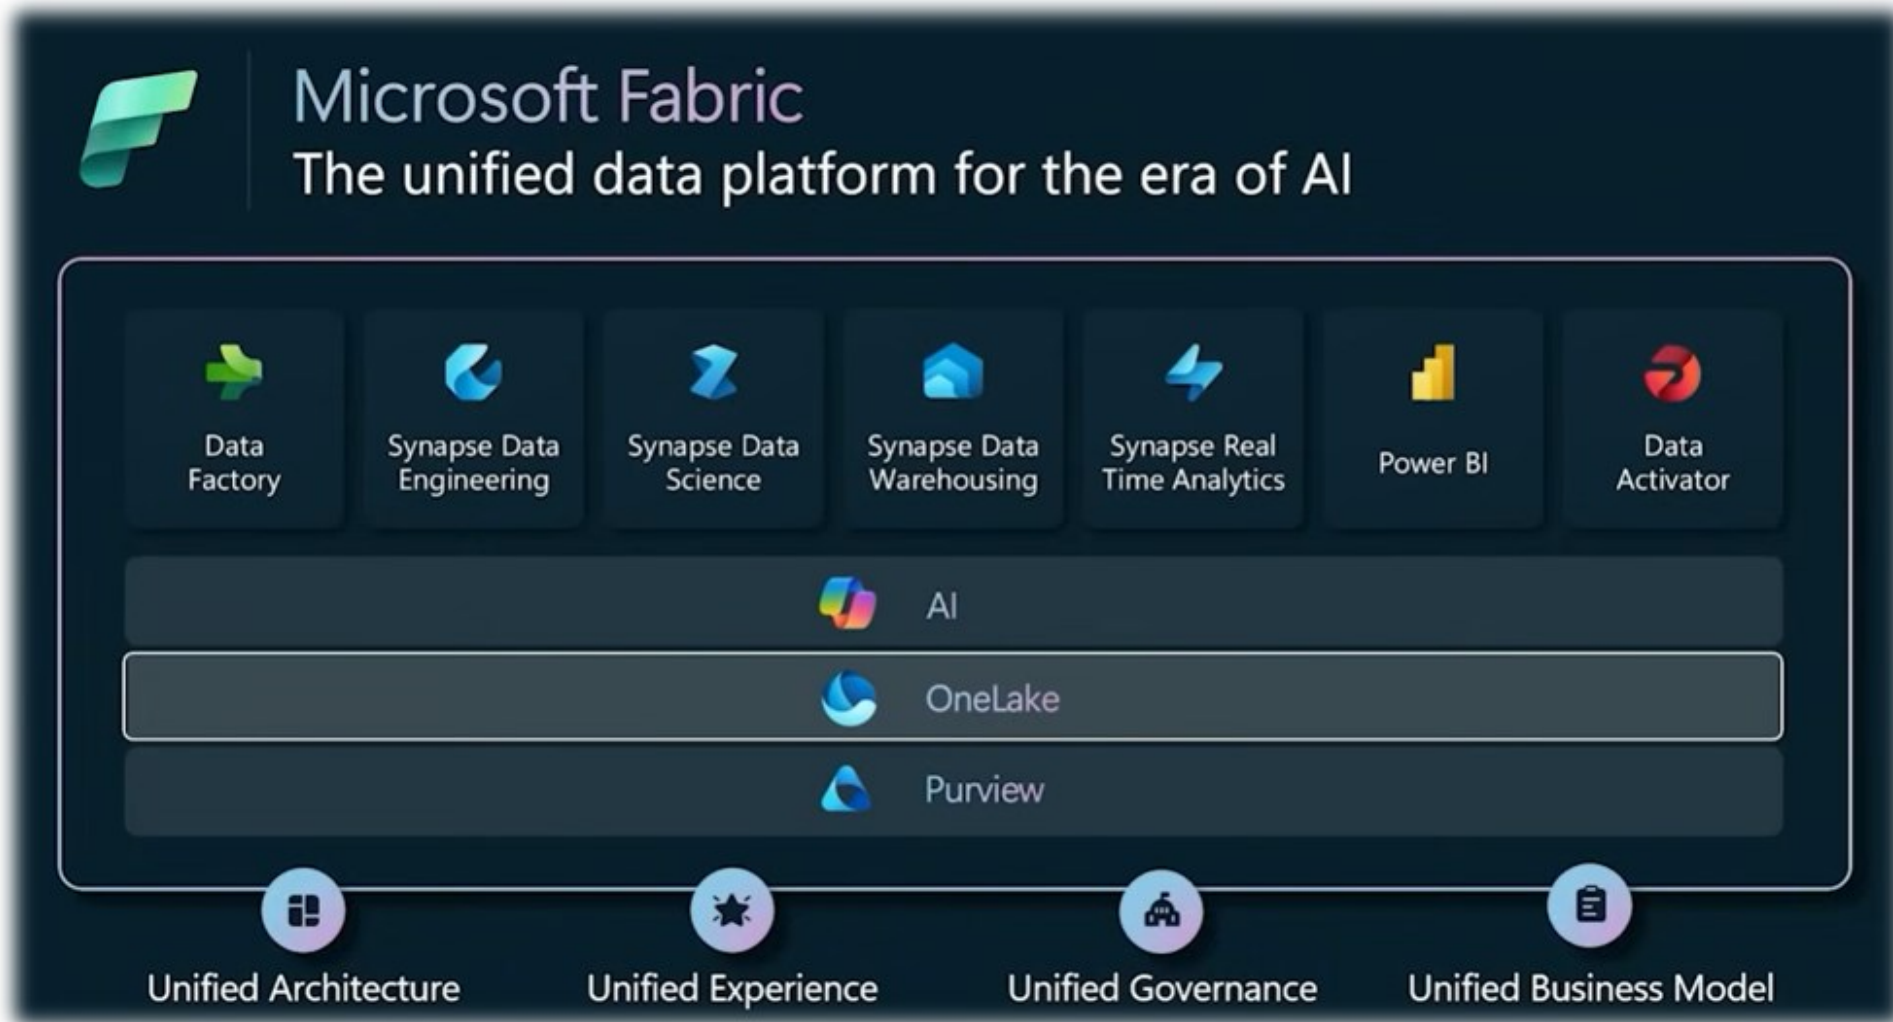

---

AI driven insights

# The data platform for the era of AI

“If I were a chef,  
Fabric would be  
the perfect  
kitchen”
